

British Embassy  
Hanoi

Note No. MOFA 97/2021

The British Embassy presents its compliments to the Consular Department, Ministry of Foreign Affairs of the Socialist Republic of Vietnam and has the honour to refer to the below:

In response to Letter 2974/LS-PL of the Department, the British Embassy kindly sends the sample of COVID-19 Vaccine Record Letter as the confirmation of British diplomats, their dependants and British Council staff for the vaccine completion as attached.

The Embassy would be grateful to the Department for approving it as an official document for the entire British diplomatic mission and British Council in terms of arriving and living in Vietnam, and disseminating this information to all ports of entry, control border posts and other relevant government departments.

If further information is required, please contact Mr. Thai Tien Thanh, Corporate Services Officer, on +84 986 969 727.

The British Embassy avails itself of this opportunity to renew to the Ministry the assurances of its highest consideration.

### **Công hàm số MOFA 97/2021**

Đại sứ quán Anh kính chào Cục Lãnh sự, Bộ Ngoại giao, nước Cộng hòa Xã hội Chủ nghĩa Việt Nam và mong nhận được sự hỗ trợ của Quý cơ quan về việc sau:

Đáp lại Công văn 2974/LS-PL của Quý Cơ quan, Đại sứ quán Anh gửi mẫu Giấy chứng nhận tiêm chủng vắc xin COVID-19 dành cho các cán bộ ngoại giao Anh, thân nhân của họ và nhân viên Hội đồng Anh như đính kèm.

Đại sứ quán kính đề nghị Quý Cơ quan chấp thuận Giấy chứng nhận tiêm chủng này là văn bản chính thức cho toàn bộ thành viên cơ quan đại diện ngoại giao Anh và Hội đồng Anh để nhập cảnh và sinh sống tại Việt Nam, đồng thời đề nghị Quý Cơ quan hỗ trợ thông báo đến các cửa khẩu, các cơ quan xuất nhập cảnh và các cơ quan liên quan khác về việc này.

Nếu cần thêm thông tin, vui lòng liên hệ với ông Thái Tiến Thành, cán bộ Hành chính, qua số +84 986 969 727.

Nhân dịp này, Đại sứ quán Anh một lần nữa gửi lời chào trân trọng đến Quý Cơ quan.

**Note No. MFA 94/2021**

The Embassy of United Kingdom of Great Britain and Northern Ireland to Viet Nam (British Embassy) presents its compliments to the Directorate of Consular of the Ministry of Foreign Affairs of the Socialist Republic of Viet Nam.

The Embassy has the honour to refer to Note 539 /CH-LS-PL regarding vaccination certificate and would like to send attached a set of slides that show the various vaccination documentation (online /apps / hard copies) including safety features for the UK (including variations for the devolved administrations). For any technical questions on these, please email [DLC19HealthCertification@fcdo.gov.uk](mailto:DLC19HealthCertification@fcdo.gov.uk)

Health is a devolved competence in the UK (devolved to regional governments), so the proof of vaccination will come from the health services of England, Northern Ireland, Scotland, Wales, Guernsey, Isle of Man and Jersey. That means there will not be one single form of proof, each of the 7 health services for the regions of the UK will issue their own. Each of the types is in the attached PDF (UK and CD Covid Vaccination Documentation).

**The digital (NHS COVID Pass App) and non-digital (letter) formats display the same vaccination data.**

The COVID-19 vaccine status for the UK does not contain passport numbers. This is because it has not been agreed that COVID-19 status data can be tied to identity data. It may be helpful to note that the EU's Digital COVID Certificate system also does not contain passport numbers or ID numbers.

It is important to note that the names on both the digital and paper certificates may not exactly match travel documents, such as passports or boarding passes. This is because the certification system draws from the citizen's name as registered with their GP. For example, the NHS COVID Pass App does not contain middle names. Given the security features will minimise the risk of fraud and that date of birth is included, please be pragmatic on any small differences between names on certificates compared to names on passports / boarding passes.

Devolved Administrations are responsible for implementation of COVID-19 vaccine status for their residents. The NHS COVID Pass App currently demonstrates vaccine status only for residents of England. The NHS is currently in discussion with the Welsh Government on integrating data of Welsh residents into the digital solutions. Scotland and Northern Ireland are developing their own app. The non-digital version (letter) is a common template that is being agreed between the four nations. While the letters will technically be specific to each of the devolved nations, to a third country they will have an identical layout and similar security features. However, there are two exceptions:

- Northern Ireland will have branding for their Department of Health instead of the National Health Service.
- The Welsh letter will also have the information in Welsh (while retaining logos, layout and formatting).

Until the four nations' letter is launched, Scotland, England and Wales have issued individually branded letters in the interim.

The 2D barcode contains a minimized record of an individual's known COVID vaccinations in a format compliant with the EU Digital COVID Certificate specifications. This includes vaccination type, manufacturer, and date for each dose and can be read using a 2D barcode scanner. The content is not encrypted.

The barcodes will be verifiable but the international trust framework, or Public Key Infrastructure (PKI), to authenticate QR codes / barcodes is not yet available. We are working to implement this functionality so that other governments will have the option to read the barcode on a citizen's digital certificate to verify that it was issued by the NHS. This is similar to how ePassports work.

The UK is in the progress of implementing a new public key infrastructure. Once this is in place, the public keys will be shared either bilaterally or within a wider trust framework such as that proposed by ICAO and the European Commission.

Natural immunity or proof of recovery will be included in a future release and will be based on a positive PCR test result, not an antibody test.

The "2D expiry date" under the QR code / 2D barcode date refers solely to the 2D barcode. This will be automatically updated when new international standards are released and agreed. Anyone using the PDF option via the NHS website will be able to retrieve the new barcode for use after the expiry date.

The NHS app requires an internet connection to access and generate the digital certificate. However, there is a function to download the digital certificate as a PDF before travel.

NHS is also exploring ways to expand offline access functionality in a future release by enabling storage in Google or Apple wallets, for example.

### **Non-digital format (letter)**

Physical security measures include microtext and thermochromic ink, which changes colour when a heat source is placed near the letter. A grey rectangle below the NHS logo will display the word "COPY" when photocopied or scanned. The letter also includes a guilloche pattern (an intricate repetitive wave like pattern) with the NHS logo within it. The guilloche pattern provides the letter with an official appearance, highlights the important vaccination information, and hinders people from tampering with the information.

The letter includes a bar code, which contains a unique number. This number is being stored so that, in future, third parties could use it (likely alongside other resident information, such as their date of birth) to check against an online database of letter IDs, to verify that the number is valid and that it corresponds to the resident presenting the letter. However, this functionality has not yet been implemented but will be in the future.

The small QR codes printed next to the letter recipient are unrelated to COVID-19 or vaccination status. They are produced during the printing process to aid with mail sorting and returns of undelivered mail.

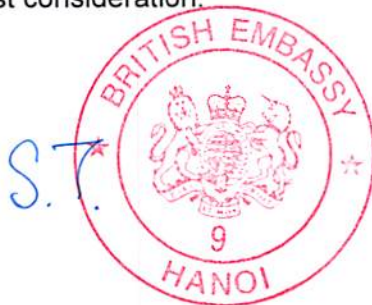

On UK domestic use of certification: As announced by the PM on 5 July, there will be no COVID-19 certificate required as a condition of entry to any venue or event, although businesses and events can certainly make use of certification.

### **Mutual Recognition**

Entry policy into the UK – from 19 July anyone vaccinated under the UK's vaccine rollout (including Crown Dependencies, Overseas Territories and staff overseas vaccinated by the FCDO's rollout) can enter from amber countries with no need to self-isolate or undertake day 8 testing. From 2 August anyone vaccinated under the US' domestic rollout or the EU's rollout (which includes EFTA and microstates) and are fully vaccinated with a vaccine approved by the FDA or EMA will be exempt from the self-isolation / day 8 requirements if returning from an amber rated country. Currently, those travelling from Viet Nam will have to self-isolate on entry to the UK.

The Directorate of State Protocol is invited to contact Mr Stephen Taylor, Head of Internal Political, at +84 932 320 857 or Ms Truong Tram, Senior Political Adviser, at +84 904 864 085 for further information.

The British Embassy avails itself of this opportunity to renew to the Directorate of Consular of Ministry of Foreign Affairs of the Socialist Republic of Vietnam the assurances of its highest consideration.

## British Embassy Hanoi

(bản dịch tham khảo)

### Công hàm số MFA94/2021

Đại sứ quán Liên hiệp Vương quốc Anh và Bắc Ai-len tại Việt Nam kính chào Cục Lãnh sự, Bộ Ngoại giao nước Cộng hòa Xã hội Chủ nghĩa Việt Nam.

Liên quan đến Công hàm số 539 /CH-LS-PL của Cục Lãnh sự Bộ Ngoại giao, Đại sứ quán Anh xin gửi Kèm theo giới thiệu các loại giấy tờ chứng nhận tiêm chủng (trực tuyến, qua ứng dụng, bản giấy) bao gồm các tính năng bảo đảm tại Anh (bao gồm các cơ quan quản lý địa phương). Các câu hỏi về kỹ thuật vui lòng gửi về địa chỉ email [DLC19HealthCertification@fco.gov.uk](mailto:DLC19HealthCertification@fco.gov.uk)

Y tế là một trong những chức năng được trao quyền tại Vương quốc Anh (cho các chính phủ vùng) do đó giấy tờ xác nhận tiêm chủng sẽ do các cơ quan y tế của Anh, Bắc Ai len, Xứ Wales, Scotland, Guernsey, Isle of Man, và Jersey cấp. Điều đó có nghĩa là không chỉ có một loại xác nhận tiêm chủng duy nhất, mỗi cơ quan y tế của 7 vùng nói trên tại Anh sẽ cấp xác nhận tiêm chủng riêng. (Các loại xác nhận được để trong file pdf kèm theo đây (UK and CD Covid Vaccination Documentation).

### **Phiên bản số (NHS COVID Pass App) và phiên bản giấy có cùng dữ liệu tiêm chủng.**

Xác nhận tiêm chủng COVID-19 của Anh không bao gồm số hộ chiếu. Lý do là hiện nay chưa đạt đc đồng thuận trong việc gắn dữ liệu về COVID-19 với dữ liệu nhận dạng. Hiện tại hệ thống Chứng nhận số hoá tiêm chủng COVID của EU cũng không bao gồm số hộ chiếu hay căn cước.

Xin lưu ý tên trên xác nhận tiêm chủng bản số hoá và bản giấy có thể không hoàn toàn trùng khớp với tên họ trên giấy thông hành như hộ chiếu hoặc thẻ lên máy bay. Lý do là hệ thống xác nhận tiêm chủng lấy tên của công dân đăng ký với bác sỹ khám bệnh. Ví dụ, NHS COVID Pass App không hiển thị tên đệm. Các tính năng đảm bảo an ninh giảm thiểu nguy cơ giả mạo với chi tiết ngày tháng năm sinh được sử dụng để xác thực, vì vậy có thể linh động khi tên trên xác nhận tiêm chủng chỉ có khác biệt nhỏ với tên trên hộ chiếu/ thẻ lên máy bay. Các cơ quan y tế được trao quyền của chính phủ vùng chịu trách nhiệm cấp xác nhận tiêm chủng cho người sống tại các vùng nói trên. NHS COVID Pass App hiện tại chỉ xác nhận tiêm chủng cho những người đang sống tại Anh (England). NHS hiện đang thảo luận với chính phủ Wales về việc đồng nhất liên thông dữ liệu của người sống tại Wales bằng giải pháp số hoá. Scotland và Bắc Ai len đang phát triển app sử dụng riêng cho 2 vùng này. Bản giấy của xác nhận tiêm chủng đang được lấy ý kiến để có được một mẫu chung duy nhất được 4 vùng cùng sử dụng. Ngay cả khi các giấy xác nhận tiêm chủng có những chi tiết kỹ thuật dành riêng cho mỗi vùng, các giấy xác nhận tiêm chủng sẽ có cùng một cách trình bày và các tính năng an ninh tương tự. Tuy nhiên, có 2 ngoại lệ sau đây:

- Giấy xác nhận của Bắc Ai len sẽ có biểu tượng của Bộ Y tế Bắc Ai len thay vì của Cơ quan Y tế Bắc Ai len
- Giấy xác nhận của Wales sẽ có thêm các thông tin bằng tiếng Welsh (vẫn có logo, trình bày, và định dạng chung)

Cho đến khi một mẫu xác nhận chung của 4 vùng được chính thức đưa ra sử dụng, Scotland, England, và Wales vẫn cấp giấy xác nhận riêng trong thời gian chuyển đổi.

Mã vạch 2D bao gồm thông tin ghi nhận tối thiểu về tiêm chủng COVID của một cá nhân theo định dạng tương thích với các đặc điểm nhận dạng của Xác nhận tiêm chủng COVID số hoá của EU, bao gồm loại vắc xin đã tiêm, nhà sản xuất, thời gian tiêm từng mũi. Các chi tiết này có thể đọc bằng cách sử dụng thiết bị đọc mã vạch 2D. Nội dung này không khoá mã.

Mã vạch có thể kiểm chứng nhưng chưa có định chế quốc tế được uỷ quyền hoặc Hạ tầng Đại chúng Chính tắc (KPI) để xác nhận mã QR/ mã vạch. Chúng tôi đang nỗ lực để triển khai chức năng này nhằm giúp các chính phủ có thêm lựa chọn đọc mã vạch trên chứng nhận số hoá chứng thực xác nhận do NHS cấp, tương tự như tính năng sử dụng trong hộ chiếu điện tử.

Vương quốc Anh đang trong quá trình thiết lập một KPI. Khi KPI được thiết lập, phương thức thực hiện sẽ đc chia sẻ song phương hoặc trong một khuôn khổ được uỷ quyền có phạm vi rộng hơn do ICAO và Hội đồng Châu Âu EC đề cử.

Miễn dịch tự nhiên hay chứng nhận khỏi bệnh sẽ được bao gồm trong xác nhận được cấp trong tương lai và dựa trên kết quả xét nghiệm PCR, không sử dụng kết quả xét nghiệm kháng thể. 'Ngày hết hạn định dạng 2D' trong mã QR / mã vạch 2D chỉ sử dụng cho mã vạch 2D. Chi tiết này sẽ đc tự động cập nhật khi các quy chuẩn quốc tế được ban hành và đồng thuận. Người sử dụng lựa chọn file PDF trên website NHS sẽ được nhận mã vạch mới để sử dụng sau thời gian hết hạn.

Cần sử dụng internet để truy cập NHS App và truy xuất xác nhận số hoá. NHS app có chức năng tải xác nhận định dạng PDF để sử dụng cho việc đi lại.

NHS cũng đang tìm giải pháp để trong tương lai app có thêm chức năng truy cập khi không vào được internet như cho phép truy cập vào lưu trữ của Google hay Apple wallet.

### **Giấy/thư xác nhận**

Các giải pháp nhận diện tính năng an ninh bao gồm sợi microtext và mực đổi màu theo nhiệt độ khi để giấy xác nhận gần nguồn nhiệt. Một ô chữ nhật màu xám dưới logo NHS có chữ 'COPY' khi chụp bằng máy photocopy hoặc scan. Hoạ tiết guilloche có logo của NHS được sử dụng trong giấy xác nhận. Hoạ tiết này giúp giấy xác nhận mang tính chính thức, nhấn mạnh tầm quan trọng của thông tin tiêm chủng, và ngăn chặn việc cố tình sửa đổi thông tin.

Giấy xác nhận có mã vạch chứa một con số duy nhất. Con số này được ghi lại để trong tương lai bên thứ 3 có thể sử dụng (có thể cùng với các thông tin cư dân khác như ngày tháng năm sinh) để kiểm tra trên một cơ sở dữ liệu trực tuyến số ID của giấy xác nhận nhằm xác nhận con số trên thư là có tồn tại và các thông tin liên quan đến người trình thư xác nhận. Hiện tại, chức năng này chưa được triển khai, nhưng sẽ có trong tương lai.

Mã QR nhỏ bên cạnh dòng người nhận thư không liên quan đến tình trạng tiêm chủng hoặc COVID-19. Mã QR này xuất hiện trong quá trình in thư nhằm giúp lọc thư và trả về nơi cấp thư khi thư không được chuyển đến người nhận.

Sử dụng xác nhận trong nội địa Vương quốc Anh: Theo thông báo của Thủ tướng Vương quốc Anh, không yêu cầu xác nhận về COVID-19 tại bất cứ địa điểm hoặc sự kiện nào, tuy nhiên, doanh nghiệp và sự kiện cụ thể có thể muốn sử dụng những xác nhận này.

Chính sách nhập cảnh Vương quốc Anh: từ ngày 19/7 các cá nhân đã tiêm chủng vắc xin COVID-19 theo chương trình tiêm chủng của Anh (bao gồm Crown Dependencies, Lãnh thổ Hải ngoại, và nhân viên làm việc ngoài nước Anh được tiêm chủng theo chương trình của Bộ Ngoại giao và Phát triển Anh FCDO) đến từ các nước trong danh sách amber không phải tự cách ly hoặc xét nghiệm vào ngày thứ 8 kể từ khi đến Anh. Từ 2/8 các cá nhân đã tiêm chủng COVID-19 theo chương trình tiêm chủng nội địa của Hoa Kỳ hoặc EU (bao gồm Hiệp hội mậu dịch tự do châu Âu EFTA và các quốc gia vi mô - microstates) và đã hoàn thành tiêm chủng đủ mũi với loại vắc xin được Cục Quản lý Dược phẩm Hoa Kỳ - FDA hoặc Cơ quan Quản lý Dược phẩm Liên minh châu Âu - EMA cấp phép sẽ được miễn tự cách ly / các yêu cầu thực hiện trong ngày thứ 8 kể từ ngày nhập cảnh nếu đến từ một nước trong danh sách amber. Hiện tại những người đến từ Việt Nam phải tự cách ly khi đến Anh.

Nếu cần trao đổi thêm, vui lòng liên hệ Ông Stephen Taylor, Trưởng bộ phận Chính trị, qua số điện thoại +84 932 320 857, hoặc cô Trương Trâm, Cố vấn Chính trị, qua số điện thoại +84 904 864 085

Nhân dịp này, Đại sứ quán Anh tại Việt Nam một lần nữa xin gửi đến Cục Lãnh sự, Bộ Ngoại giao nước Cộng hòa Xã hội Chủ nghĩa Việt Nam lời chào trân trọng.

*(ký và đóng dấu)*

Kính gửi: Cục Lãnh sự, Bộ Ngoại giao

# **Covid Vaccination Status**

## **Outbound International Travel**

13 July 2021

**England NHS COVID Pass  
Products  
NHS App, NHS.UK and Letter**

# Summary

## Product Proposition

- The UK government committed to the reopening of safe, secure international travel, from 17 May.
- NHSX have launched both digital and non-digital certification solutions to allow English individuals to show their NHS COVID Pass for the purposes of international travel.
- From 25 June, Welsh residents are able to use the the web based solution offered by NHS COVID Pass to access a PDF version of their COVID status.
- Residents of Scotland and Northern Ireland have been using their own non-digital letter request solutions. Both Scotland and Northern Ireland are aiming to set up a digital solution by the end of July.
- By the end of July, residents in all four nations of the UK will be able to request a vaccination letter with a common format showing each nations' health service logos (there will be minor differences in some of the text in the letters).
- The England and Wales products shows vaccination and immunity status.

## Digital Product Features - England and Wales

- Detailed vaccination records and recovery certificates inline with the World Health Organisation (WHO) and EU specifications for digital COVID-19 certification.
- A 2D barcode, with scope to increase functionality as international standards develop.
- Secure P9 login (NHS Login) requiring identity verification, to minimise fraud-risks.

**Questions you may have**

**Why have I received this letter now?**  
Health and Social Care NI has sent this letter because you have received two doses of the COVID-19 vaccine, and you requested a certificate for the purpose of international travel.

**When and where could I be asked to show this letter?**  
This will depend on the time being applied at the time. You may be asked to show this letter when you travel abroad.

**What should I do if I lose this letter?**  
This letter is important. Keep a safe copy of it. If you lose it, you can get more information on what to do on the COVID-19 vaccine NI website. Please call 0300 200 7914 (Mon-Fri, 9am-5pm) or visit our website.

**Is this information available in other languages, large type or braille?**  
You can get this information in alternative languages and formats. Please call 0300 200 7914 (Mon-Fri, 9am-5pm) or visit our website. You should keep the original English language version as you may be asked to show it if you travel abroad.

**2 July National Launch:**

**Phone service to request a letter**

**Security features:**

1. Interim certificate will be issued once applicant details are matched to vaccination record
2. No certificates will be mailed out, rather they need to be collected via a COVID secure appointment
3. Applicants will need to provide their passport, proof of travel and proof of address to collect their certificate
4. V2 interim letter includes 2D barcodes and 'Dose 1 of 2' terminology.

**National Launch of 4N expected w/c 19 July, at the same time as their App launch**

**Security features:**

1. Thermochromic ink (colour changes with heat)
2. Micronumbers under barcode
3. Unique reference
4. Guilloche pattern (wavy lines)
5. COPY patch when photocopied
6. 2D barcodes

**3. FLUORESCENT INK IN PANEL**

Find out about COVID-19 symptoms, testing, vaccination and self-isolation at: [www.gov.je/coronavirus](http://www.gov.je/coronavirus)

Data protection: Health and Community Services is responsible for processing your personal data for the purposes of the COVID-19 Vaccination Programme. To find out more, you can access the Government of Jersey COVID-19 Privacy Notice by searching on [www.gov.je](http://www.gov.je)

Government of Jersey

**COVID Status Certification**

**Answers to some questions you may have**

**Why have I received this certificate now?**  
The Government of Jersey's vaccination programme has sent you this certificate because you have received a full course (two doses) of the COVID-19 vaccine. Other countries within the Common Travel Area are producing similar secure certificates, and the format is aligned to UK and EU security standards.

**When and where might I need this certificate?**  
A COVID Status Certificate may be requested by other countries, for several reasons, including entry at the border. This will depend on the rules being applied at the time, and you may be asked to show this certificate when you travel abroad.

**Make sure you:**

- check the entry requirements for your destination country on the GOV.UK foreign travel advice pages
- get up-to-date information from the website of your destination country

**Certificate security**  
Your COVID Status Certificate provides you with secure, official evidence of full vaccination. The security features within the certificate mean that it cannot be reproduced.

**What should I do if I lose my certificate?**  
This certificate is important. Keep it safe. If proves you have been fully vaccinated against COVID-19. If you lose it, you can call the Coronavirus Helpline on 0800 728 3566.

**Is there a digital alternative?**  
A digital solution to allow international verification of the COVID Status Certification is in development. In the meantime, the original paper certificate is the only form of secure evidence of vaccination. A photocopy or photograph of a certificate cannot be used due to the embedded security features.

**Why is the administering centre listed as Fort Regent?**  
Fort Regent is the organisational centre of the Jersey COVID-19 Vaccination Programme, and administers all vaccinations given in Jersey in any setting, including the COVID-19 Vaccination Centre, care homes/agencies, home visits, community centres, pop-up clinics and other vaccination settings.

**Different names used for COVID-19 vaccines**  
Each of the vaccines given in Jersey have different vaccine product and manufacturer names throughout the EU:

- Pfizer/BioNTech** - this is also known as Comirnaty® and is manufactured by Biontech Manufacturing GmbH
- AstraZeneca** - this is also known as Vaxzevria® and is manufactured by AstraZeneca AB
- Moderna** - this is also known as COVID-19 Vaccine Moderna® and is manufactured by Moderna Biotech Spain S.L.

For translations and more information visit: [www.gov.je/covid19/faq](http://www.gov.je/covid19/faq)

June 2021 V1.0

Letters will be proactively sent to all citizens with a vaccinated status. Citizens should start receiving them from 10 June

**Security features:**

1. Foiled Jersey COVID Status Certification logo
2. Microtext bordering the top and bottom margins of the vaccine panel
3. Fluorescent ink across vaccine panel and behind vaccination information
4. Document identifiers
  - a. UVCI
  - b. Barcode
  - c. URN

Find out about COVID-19 symptoms, testing, vaccination and self-isolation at [gov.gg/coronavirus](http://gov.gg/coronavirus)

Data Protection: In order to issue you with this Coronavirus (COVID-19) vaccination status confirmation, the Government of Guernsey has processed your personal data in accordance with the Data Protection (Bailiwick of Guernsey) Law, 2017. To find out more you can access the Fair Processing Notice at [www.gov.gg/da](http://www.gov.gg/da)

### Questions you may have

- Why have I received this letter now?**  
The Government of Guernsey has sent you this letter because you have received a full course of the COVID-19 vaccine.
- When and where could I be asked to show this letter?**  
This will depend on the rules being applied at the time. You may be asked to show this letter when you travel abroad.
- Is there a digital alternative?**  
From the 1 July 2021 you can access your COVID-19 Status through your Travel Tracker Account (if you do not yet have an account you can create an account by visiting <https://traveltracker.gov.gg>) to display your COVID-19 vaccination record securely.
- What should I do if I lose this letter?**  
This letter is important. Keep it safe. It proves you have been vaccinated against COVID-19. If you lose it you can get information on what to do at [gov.gg/coronavirus](http://gov.gg/coronavirus) or please call 01481 220006.

**Letters are being proactively sent to all citizens with a vaccinated status during June 2021**

### Security features:

1. A unique reference code displayed under and within the barcode
2. Watermarked paper (with the Guernsey lion)
3. COPY Pantograph that displays the word COPY if letter is copied
4. Hologram alongside the pantograph (three silver Guernsey lions)
5. Colour Guilloche with logo and crest embedded
6. Microtext border around vaccination data held within the Colour Guilloche
7. Microtext line bordering the text on the back page

The Embassy of the Republic of Armenia to the Socialist Republic of Vietnam presents its compliments to the Ministry of Foreign Affairs of the Socialist Republic of Vietnam and has the honor to present the specimen and the form of the Certificate of Vaccination against COVID-19 for traveling abroad, which contains also a QR code that can be checked through ARMED system ([www.armed.am](http://www.armed.am)).

The Embassy of the Republic of Armenia to the Socialist Republic of Vietnam kindly asks to forward the Certificate of Vaccination specimen and the form to the esteemed Ministries and authorities of the Socialist Republic of Vietnam for their acceptance and information.

The Embassy has further honor to request from the esteemed Ministry to provide information, as to which vaccines against COVID-19 are accepted and officially registered by the Ministry of Health of the Socialist Republic of Vietnam and if there are any limitations to certain vaccines.

The Embassy of the Republic of Armenia to the Socialist Republic of Vietnam avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Socialist Republic of Vietnam the assurances of its highest consideration.

Enclosed: 2 pages.
